CAREER OBJECTIVE

To obtain a challenging internship opportunity where I can apply my knowledge of Machine Learning, Python, and Web Development, while gaining real-world experience, enhancing my technical skills, and contributing to impactful projects.

WORK EXPERIENCE

MERN • Internship Dec 2024 - Jan 2025

Edunet, Virtual

Completed a comprehensive MERN (MongoDB, Express.js, React.js, Node.js) stack development program through Edunet. Gained hands-on experience building full-stack web applications, focusing on frontend development with React and backend APIs using Node.js and Express. Worked with MongoDB for database management and implemented RESTful APIs to connect frontend and backend. Developed skills in JavaScript ES6+, component-based architecture, and deployment fundamentals. This training enhanced my ability to create scalable, responsive, and dynamic web applications.

Machine Learning • Internship

Sep 2024 - Oct 2024

YBI Foundation, Virtual

Completed a Machine Learning internship with YBI Foundation where I gained practical experience in applying ML algorithms to real-world datasets. I worked on data preprocessing, exploratory data analysis, and implemented supervised learning models using Python libraries such as Scikit-learn and Pandas. I developed skills in model training, evaluation, and optimization, while also learning best practices for documenting and presenting technical results. This internship strengthened my understanding of machine learning workflows and enhanced my problem-solving capabilities.

EDUCATION

B.Tech, Computer Science & Technology

2022 - 2026

TEEGALA KRISHNA REDDY ENGINEERING COLLEGE

Senior Secondary (XII), Telangana State Board Of Intermediate Education

2022

Sri Gayatri College

Percentage: 94.00%

Secondary (X), Telangana State Board Of Intermediate Education

2020

Gauthami High School

Percentage: 100.00%

EXTRA CURRICULAR ACTIVITIES

• Coding and hackathons, tech blogging and content creation, volunteering in community events, online learning through Coursera and Udemy, UI/UX design practice using Figma, public speaking and communication skills, fitness and sports activities.
